Christmas Gift Set 2019

Dear fans of Macarons.sg,

Time really flies don't you think? It only seemed like yesterday when we released our Christmas 2018 catalogue, but it's now time for our Christmas 2019 catalogue.

This year was really special for us, because we were the only macaron vendor invited to be part of the Michelin Street Food Festival 2019.

We were most delighted to have caught the attention of the best food critics on this planet, and it was such an honour to be able to serve our macarons alongside Singapore's best hawkers and restaurants.

So this Christmas, we created a special line up of macaron flavours that you will be happy with, because we want to make sure you'll be giving your friends and loved ones the best macarons that you can get in Singapore.

And for the first time ever, instead of Christmas motifs, we decided to come up with rarely seen duo coloured macarons.

Those macarons are really going to be the star of your party and have your guests raving about them.

In fact, go through this catalogue to see if you don't agree with us.

And with new concocted flavours just for this season, we hope to be able to surprise you and your loved ones like never before.

Here's another surprise from us...

Despite another year of cost increases for our raw ingredients and operations, we are committed to keeping the best selling prices to you, our valued customer.

Hence, we have decided to keep to the same selling price as last year so everyone can afford to spread the Christmas joy this season.

Our customization options are also making a comeback to specially cater to your corporate needs if any, so you can add that extra special touch as always for the ones you want to impress.

So take your time to browse this 2019 edition of our Christmas catalogue. We look forward to serving you the best macarons in Singapore this season!

With Love,
The Macarons.sg Team

Christmas

Flavours of 2019

Dark Chocolate Sea Salt Caramel

If there's a hot favourite flavour this season, this has to be it. The combination of both flavours just go so well together, got to try it to believe it. You just cannot go wrong with this flavour.

Pistachio Cranberry

Our best selling nut flavour with a Christmas twist. Made with real pistachio nuts and real cranberry puree, have a taste of our oven roasted pistachio filling with cranberry jam center.

Unicorn Bubblegum (back by popular demand!)

Our bubblegum macarons were such a hit last Christmas, they were booked out way before the end of our pre-order period. It's back this year with a unicorn themed colour so you can share them again with your loved ones.

Summer Whispers

While it's usually winter during Christmas elsewhere, it always feels like summer in Singapore. So here's a combination of 2 summer fruits for you, Orange and Passionfruit. Perfect for the Christmas weather in Singapore.

Christmas Flavours of 2019

Lavender Earl grey

Did you know our English lavender and Russian Earl grey macarons are actually dark horses among our other macaron flavours? We're so surprised at their popularity, we decided to make a fusion with them.

Experience a one of a kind fusion flavour this Christmas.

Raspberry Coconut

People may think this is a candy cane flavoured macaron. But because we're here to give a local twist, we present to you the Raspberry and Coconut macaron! Don't let the combination fool you, it's actually a delicious flavour!

Christmas Mocha Mint

Christmas is never really complete without mint and chocolate. So this season, we have come up with a unique flavour that combines mint and chocolate, as well as everyone's favourite beverage, coffee. Simply irresistible.
